

**Paul Saffo**

Technology Forecaster  
Email: paul@saffo.com

**Paul Saffo** is a forecaster and strategist with over two decades experience exploring long-term technological change and its practical impact on business and society. Paul is currently a Consulting Associate Professor at Stanford University, and is on a research sabbatical from Institute for the Future, where he has worked since 1985. He was the founding Chairman of the Samsung Science Board, and serves on a variety of other boards including the Long Now Foundation, and is an Advisor to Red Planet Capital, and 3i Venture Capital. Paul also has served as an advisor and Forum Fellow to the World Economic Forum, and is a Fellow of the Royal Swedish Academy of Engineering Sciences. His essays have appeared in various publications, including The Harvard Business Review, Fortune, Wired, The Los Angeles Times, Newsweek, The New York Times and the Washington Post. Paul holds degrees from Harvard College, Cambridge University, and Stanford University.
