

Panel Breakout 3B: The Future of Transport

Speaker: Rosina Howe-Teo

Group Director, Innovation & InfoComm Technology Group,
Land Transport Authority (LTA)

Mrs Rosina Howe-Teo is the Group Director, Innovation and InfoComm Technology of LTA and concurrently its Chief Innovation Officer and Chief Data Officer. She is responsible for the formulation and implementation of LTA's digital transformation strategies through innovation, use of smart technologies and value-creation services.

She also plays a pivotal role in the Smart Nation Programme under the Prime Minister's Office and leads the Smart Mobility Domain in charting strategic directions, facilitating inter-agency efforts and promoting industry development to address emerging urban transport challenges in Singapore.

In 2014, Rosina was awarded the Public Administration Medal (Silver) in Singapore National Day Awards, the IT Leader of the Year by the Singapore Computer Society as well as the top Chief Information Officers (CIO) in the 10th ASEAN CIO/CSO Summits and Awards. In August 2013, Rosina was conferred the inaugural Woman Leadership Award by Chief Marketing Office Asia, not only the sole winner from the public service, but also the only recipient with an IT background.
